

INFO E – CAMERAS, BLINK® SECURITY CAMERA SUGGESTION

1 - BLINK® SECURITY CAMERAS – FOR INFORMATION ONLY

Blink Camera

As a Condominium Owner you can install a different type. However, use caution state laws do not allow the camera view to infringe on another Condominium Owner's front door, windows, etc.

- A. A *Request for Alteration* form must be submitted to the Property Management Company with the type of camera(s) and mounting location(s) desired. If solar cells are installed include on form. Cameras can be mounted on wood surfaces – Condominium Owner is responsible for repair if camera is removed.
- B. All cameras must be battery powered to avoid damaging the building. (no cabling)
- C. No camera can be pointed toward another Unit's windows, front, or back doors, or driveway.
- D. Small solar panels that are sold with the camera Unit(s) may be installed with them to recharge the batteries.
- E. Cameras may be installed indoors without a *Request for Alteration*.
